ANNEXURE: NOTES OF ACCOUNTS

SCHEDULE "O"

1) SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS

SIGNIFICANT ACCOUNTING POLICIES:

a) Basis of Accounting:

The Company maintains its accounts on accrual basis following the historical cost convention in accordance with generally accepted accounting principle in compliance with accounting standard and other requirements of the Companies Act, 1956.

b) Inventories:

TDR Stock and Industrial Unit is valued at lower of cost and net realizable value.

c) Fixed Assets:

Fixed Assets are stated at cost less accumulated depreciation. Cost comprises of the purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

d) <u>Deprecation:</u>

Depreciation has been provided on Written Down Value at rates prescribed in Schedule XIV to Companies Act, 1956. Depreciation on assets Added / Disposed off during Year has been provided on a Pro-rata basis with reference to month of additions / deduction. Depreciation has been provided for full month ignoring part of month.

e) Revenue Recognition:

TDR Sale is recognized after entering into an agreement with the Purchaser of the TDR.

f) Taxation Policy:

- (i) Provision for Income Tax is made on the basis of the estimated taxable income for the accounting period in accordance with Income Tax Act, 1961.
- (ii) The deferred tax for timing differences between the book profits and tax profits for the year is accounted for using the tax rates and laws that have been enacted or substantially enacted as of the Balance Sheet date. Deferred tax asset arising from timing differences are recognised to the extent there is a virtual certainty that this would be realised in future and are reviewed for the appropriateness of their respective carrying values at each Balance Sheet date.

g) <u>Impairment of Assets:</u>

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Profit and Loss Account. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

h) Provisions and Contingent Liabilities:

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.
